Description

The K-Meral ARON pendant light is available in one-to-four-light. Each lampshade consists of porcelain and emits a direct, neutral light onto the surface to be illuminated and diffuses a warm diffuse light in the surrounding area. The round canopy of the single-lamp light and the elongated ceiling housings of the multi-flames lamps are made of ground aluminum and are used to accommodate the transformers.

All ARON pendant lights are dimmable by the customer. By simply pushing the coaxial cable into the canopy or the ceiling housing, the light can be individually adjusted in height. The light comes with a 35 watt bulb.
