

Ingo Maurer Campari Bar

Technical details

Country of Manufacture	 Germany
Manufacturer	Ingo Maurer
Designer	Celentano, Raffaele
Year of design	2013
protection	IP20
Scope of delivery	Leuchtmittel/Bulb
voltage suitability	110 - 240 Volt
material	glass, porcelain
cable color	transparent
cable length	200 cm
socket/light fixture	E27
switchability	pull switch
Power (max. Watt)	60 Watt
Wattage	5.4 W
diffuser color	red
lamp stand dimensions	length 39 cm
Dimensions	H 49 cm

Description

The Ingo Maurer Campari Bar is the table lamp in the Campari Light collection. Ten original Campari Soda bottles are combined for an extraordinary ensemble and envelop the room in a fascinating red. In the middle of the bottle is transparent plastic lamp body, which carries the bulbs. Above the ten Campari Soda bottles are placed ice cubes made of glass that break and reflect the light.

As a basis for the Campari Bar is a dish from Colombia collection of Alessi, where the lighting rod was attached. The Campari Bar can be switched via a pull switch, which forms the end of a Campari bottle caps. The ten Campari bottles are all individually removable. The three bowls in the photos are not included, they are just decoration.
