<b>Dimensions</b>	H 35 cm

### Description

The Lumina Daphine Classic is a table lamp, with a perfect combination of sophisticated elegance and practical functionality. The metal bars of the light body are rotatable and swivelable.

The head can be rotated 360 degrees, making it extremely flexible in its applications. The transformer is integrated into the base, in which a two-stage switch is incorporated, with which two levels of brightness can be chosen. The colours black, matt white and nickel are offered. The colours are a real eye-catcher.
