Description

The Foscariini Aplomb was created 2010 by the designer duo Lucidi & Pevere. In this version of the pendant light, any number of lights can be hung on a round multi-canopy (ceiling part). The lamps are height determinable on the multi-canopy and can be moved forth and back. Several surfaces for the lamp shades are available.

The Foscariini Aplomb with the round multiple canopy is very popular for lighting in business or private areas.
