Description

The Oluce Fresnel 1148 EL is a medium-sized floor lamp for outdoor use. The structure of the Fresnel 1148 EL is made of black lacquered aluminum, the glass lens in a special "Fresnel technology". The glow stick of the Oluce Fresnel 1148 EL is made of galvanized metal and black polyester. With a height of 90 cm the Oluce Fresnel 1148 EL is the larger of the two outdoor floor lamps from the Fresnel Series. The lamp is supplied with an in-ground box with which the lamp is concreted into the ground.

The designer Joe Colombo designed this lamp already in 1966, thus creating a true design classic.
