Description

The Glasnost Color newspaper box is available in many different RAL colours to match the Glasnost Color mailboxes.

Standard colours include:

- white (RAL 9016)
- black (RAL 9017)
- red (RAL 3001)

Special designs according to your own colour ideas are possible in all RAL colours. If you decide to order such a Glasnost color newspaper box in the colour of your choice, please indicate the desired RAL colour code in the "comments" field when ordering. However, the newspaper box in the desired colour is only available in combination with a Glasnost color letter box in the same desired colour.

The Glasnost color newspaper box is completely made of high-quality stainless steel. Stainless steel is also used under the coloured powder coating of the front.
