

Byok

Nastrino Pico USM Adapter

Oberfläche

- matt aluminum
- matt black

Technical details

Country of Manufacture	 Germany
Manufacturer	Byok
Designer	Kai Byok
protection	IP20
Scope of delivery	LED
voltage suitability	230 - 240 Volt
Projection in cm	35
material	aluminum
cable length	300 cm
dimming	gesture control
LED	replaced by professional
Colour Rendering Index	90
Color temperature in Kelvin	Dim to warm
system performance	2 x 3.6 Watt
Total luminous flux in lm	610
light distribution	directly
Dimensions	H 30 cm

Description

The Byok Nastrino Pico with USM-adapter is a table lamp, characterised by its functionality. High-quality LED technics combined with two dazzle-free light zones create the ideal working light. This is underlined by the well-thought-out joint technics used with the Nastrino Table Stand.

The design is very nice as well because this lamp consists of simple ground aluminium profiles. These different surfaces are offered for the Byok Nastrino USM adapter: aluminium matt and black matt. Byok offers this lamp with a table clamp and a table stand as well. The Nastrino Pico USM Adapter is dimmed with gesture control. During dimming, the light takes on thanks to the Dim2Warm technology a warmer colour, changing the light colour of the LEDs from 2,700 Kelvin extra warm white to 2,100 Kelvin warm white.
