Description

The Catellani & Smith Sweet Light T is a table lamp. It consists of a sphere, which is available in different surfaces. All versions are made of aluminum wire, which is available in silver colour, brass colour or untreated natural aluminum. A low voltage LED illuminates from inside the table lamp. By touching the lamp itself for a longer time the light is dimmed.

The Sweet Light T has a diameter of 10 cm and a cable with a total length of 350 cm. A replaceable low-voltage LED with a maximum output of 1 watts serves as the light source.
