

Catellani & Smith

Lucenera 206 Soffitto

Version

- LED, surface of lamp black
- LED, surface of lamp white

Technical details

Country of Manufacture	 Italy
Manufacturer	Catellani & Smith
Designer	Enzo Catellani
Year of design	2002
protection	IP20
Scope of delivery	LED
voltage suitability	110 - 240 Volt
material	carbon fiber, metal, TechnoFiber
dimming	dimmable on site
socket/light fixture	GU10
LED	inclusive
Colour Rendering Index	>90
Color temperature in Kelvin	3,000 warm white
Shade diameter	6 cm
bulb exchange	on site itself
system performance	2 x 5.5 Watt (max.)
Total luminous flux in lm	750

Description

The Catellani & Smith Lucenera 206 Soffitto is a ceiling light with two flexible arms. Both arms have a reflector. The lamp is available with a maximum height of 80 cm. The lamp is offered with black carbon fiber or white technofiber reflector. The special feature: the reflector can be pushed back and forth on the connection to the arm. This allows the beam angle of the light to be variably adjusted for this ceiling light.
