Description

This Serien Lighting Annex Halogen ceiling lamp has a clear, mouth-blown glass shade and a reflector made of polished aluminum. The light from this lamp is mainly emitted directly downwards. Only a small part of the light is also diffused to the side and upwards.

The Annex Ceiling Halogen is offered in three sizes: Small with 14 cm diameter, Medium with 22 cm diameter and Large with 27.5 cm diameter. Depending on the size, the lamp has different sockets for halogen bulbs. If dimmable lamps are used, the lamp is also dimmable.

In addition to this ceiling lamp, lamps with other reflectors from the Annex series are also available. These have a different light distribution. In addition, the Annex Ceiling is also available with an integrated LED.
