

Catellani & Smith

Francesca

Oberfläche

- Gold leaf
- silver leaf
- copper
- white

Durchmesser in cm

- 80
- 120

Technical details

Country of Manufacture	 Italy
Manufacturer	Catellani & Smith
Designer	Enzo Catellani
Year of design	1995
protection	IP20
Scope of delivery	LED 230 Volt
voltage suitability	110 - 240 Volt
Projection in cm	12
material	fiberglass, metal
dimming	dimmable on site
socket/light fixture	E27
LED	inclusive
bulb exchange	on site itself
system performance	8 x 8 Watt
Wall mount dimensions	12 cm

Description

The Catellani & Smith Francesca is a wall lamp with a circular diffuser as a shade. This diffuser is mounted with a ledge of approx. 12 cm to the wall, so that the light of the lamp is emitted onto the wall and reflected from there into the room. This light is available in four different surfaces: gold leaf, copper, white varnished and silver leaf.

It applies for each colour, that the back is held in the same colour as the front side. Only in the white version, the back is held in gold, so for this version one special light effect is created. The wall lamp itself is made of aluminum, the wall mount with the dimensions 12 x 11.5 cm of iron. As bulbs exchangeable LED retrofits are suitable. The Francesca is available in two different sizes: with a diameter of 80 or 120 cm. The lamp is on site dimmable.
