

# Serien Lighting App

## Farbtemperatur in Kelvin

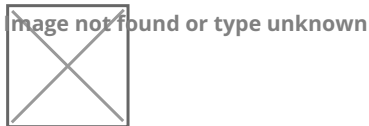

- 2,700 extra warm white
- 3,000 warm white

## Leuchtmittelabdeckung

- Opal
- comb
- grey
- Rib
- Ice crystal
- Pyramid
- Mirror
- Fluorescent green

## Technical details

### Country of Manufacture

### Manufacturer

Serien Lighting

### Designer

Formfjord

### protection

IP20

### Scope of delivery

LED

### voltage suitability

230 - 240 Volt

### Depth in cm

7

### material

acrylic glass, aluminum, polycarbonate

### dimming

dimmable with a trailing edge dimmer and with a leading edge dimmer

### Wattage

16 W

### Colour Rendering Index

>90

### bulb exchange

on site itself

### light body

aluminum

### Dimensions

H 17 cm | B 17 cm

## Description

The Serien Lighting App wall lamp has a reduced square shape. For the front surface, different versions are offered as illuminant cover: with ribbed surface, opal white, honeycomb, pyramid, grey, fluorescent green, ice crystal or mirrored surface. On request, the wall lamp is also available with an individual print on the front. The choice of front surface has no influence on the room light itself, as the front surface is opaque. Whether in a row, graphic or deliberately free arrangement - App is suitable for multifunctional use.

The light is emitted symmetrically upwards and downwards by the App wall lamp. Part of the light is also diffused to the side. The light source is an integrated LED, which is available with a colour temperature of 2,700 Kelvin extra warm white or 3,000 Kelvin warm white. The lamp can be dimmed on site with a trailing edge and / or leading edge phase dimmer. On request, the App wall light is also available as a DALI dimmable version. This requires a 5-wire mains cable.
