

# IP44.DE

## Lumen Down

### Technical details

<b>Country of Manufacture</b>	 Germany
<b>Manufacturer</b>	IP44.DE
<b>Designer</b>	Kressel & Schelle
<b>protection</b>	IP55
<b>Scope of delivery</b>	LED
<b>voltage suitability</b>	230 - 240 Volt
<b>Depth in cm</b>	11
<b>material</b>	stainless Steel
<b>surface</b>	stainless Steel
<b>dimming</b>	on site dimmable with a trailing edge dimmer
<b>Wattage</b>	10 W
<b>LED</b>	inclusive
<b>Luminous flux in lm</b>	190
<b>Color temperature in Kelvin</b>	3,000 warm white
<b>technology</b>	IvyLight
<b>light distribution</b>	directly
<b>Dimensions</b>	H 5 cm   L 22 cm

### Description

The IP44.de Lumen Down is a wall lamp of cuboid form. In contrast to the Lumen, it emits the light only in one direction, and this can be down- or uplight. It was created by the design team Kressel & Schelle.

The diffuser is made of opal toughened glass. Fitted is the light with the specially developed by IP44.de IvyLight LED technology. So more light efficiency is produced with less power consumption. In addition, the IvyLight LEDs were optimized so that they are more durable than other LEDs.

With a protection class of IP55, the Lumen Down is protected against splashing water and dust.
