### Description

The Anthologie Quartett Cellula pendant lamp is "the original". Often copied, but no copy has managed to bring this clarity expressed. A design classic with very high recognition value. The Cellula by Anthologie Quartett is available in different lengths, suspended from fine noble satin ropes, with crystal prisms - we offer - in neutral clear.

To give the lamp a new look, the crystal prisms are also available in different colours as replacement parts.

Note: The use of retrofit sockets (E14) allows the use of state-of-the-art light sources (halogen lamp, LED) in the future. In terms of sustainability, the lamp can therefore shine in its light for many years to come.
