Description

The Ingo Maurer Max Kugler is a table lamp that is available with a high-gloss polished or black finish. The lamp arm is connected to the lamp base with a ball joint, which makes the lamp infinitely tiltable and rotatable. The telescopic arm can be extended from 60 cm to 90 cm so that the light can be directed as desired. The reflector can be swivelled in all directions on a handle. The Max Kugler table lamp can be regulated via a dimmer on the supply line with a slider.
