beam angle	100 degrees
dimming	on site dimmable with a trailing edge dimmer
LED	inclusive
LED (replaceable)	yes
Color temperature in Kelvin	2,700 extra warm white
light head dimensions	6 cm
Dimensions	B 9 cm

Description

The less'n'more Mimix Concrete Wall Spotlight is available as a 2-light spot . The two-lamp version of the wall lamp emits both downward and upward lights. Two different surfaces are available for the lamp.

The body of the concrete casing can be painted or plastered, so that only the LEDs of the lamp are visible. The spotlight can be dimmed on site. The lenses can be adjusted and so also the light.
