Designer	Paolo Rizzatto
Year of design	2008
protection	IP20
Scope of delivery	Leuchtmittel/Bulb
voltage suitability	110 - 240 Volt
Projection in cm	203
material	aluminum, polycarbonate, stainless Steel
height adjustment	height adjustable
socket/light fixture	E27
switchability	Foot switch
Power (max. Watt)	140 Watt
Luminous flux in lm	2,135
Shade diameter	50 cm
Shade height	35 cm
lamp stand dimensions	Length 36, width 36 cm
light distribution	room light
Dimensions	H 217 - 250 cm

Description

The Luceplan Lady Costanza Floor Switch is a height adjustable arc light. With the telescopic rod, the height can be adjusted between 217 and 250 cm. The light can be rotated to 360 degrees freely around the lamp base. Due to the light construction of the lamp and the handle on the light rod, it is also possible to place the floor lamp at a different place at any time. With its curved shape, the Lady Costanza can even be placed directly above a table or a sofa.

The on / off switch is operated by foot (pedal switch). The frame is available in black or aluminum, the shade is available in white, primary red, shaded stone or black. This version was further developed in the year 2008 by Paolo Rizzatto from the original Costanza lamp.
