

Ingo Maurer

Blow Me Up by canopy 120 cm

Technical details

Country of Manufacture	 Germany
Manufacturer	Ingo Maurer
Designer	Theo Möller
Designer 2	Ingo Maurer
Year of design	2017
protection	IP20
Scope of delivery	LED
voltage suitability	110 - 240 Volt
Diameter in cm	14
cable color	transparent
cable length	300 cm
height adjustment	height adjustable
dimming	gesture control
Wattage	20 W
LED	inclusive
Colour Rendering Index	>90
Luminous flux in lm	1,300
Color temperature in Kelvin	3,000 warm white
bulb exchange	on site itself
light distribution	indirectly
Dimensions	L 120 cm Ø 14 cm

Description

This Blow Me Up by Ingo Maurer is connected via a canopy and used as a pendant lamp. The lamp is inflated via a hand pump and has a length of 120 cm. An adjustment ring is integrated on both cables for the suspension, with which the suspension can be individually adjusted. The lamp can be suspended in this way horizontally or diagonally. The upper side is silver, the lower side white.

The integrated LED in the lamp illuminates the reflective side, so that indirect light is emitted into the room. With a sensor switch on one side of the LED, the Ingo Maurer Blow Me Up can be switched on and off as well as dimmed by means of gesture control. The integrated LED has a power of 20 watts and a colour temperature of 3,000 Kelvin warm white. In addition to this pendant lamp, also a 180 cm long version is available. The lamp is also in both lengths offered as a floor or wall lamp, which is connected via a power plug.
