## Lucellino Doppio LED

### Voltage

- 230 - 240
- 110 - 125

### Technical details

|                                     |   |
|-------------------------------------|---|
| <b>Country of Manufacture</b>       |  Germany |
| <b>Manufacturer</b>                 | Ingo Maurer   |
| <b>Designer</b>                     | Ingo Maurer   |
| <b>Year of design</b>               | 2018  |
| <b>Protection class / IP rating</b> | IP20  |
| <b>Contents of the package</b>      | LED   |
| <b>voltage suitability</b>          | 110 - 240 Volt  |
| <b>material</b>                     | Goose-feather wings, metal  |
| <b>dimming</b>                      | on site dimmable with a trailing edge dimmer  |
| <b>Base / Socket</b>                | E27   |
| <b>LED</b>                          | inclusive   |
| <b>Colour Rendering Index</b>       | >90   |
| <b>Color temperature in Kelvin</b>  | Dim to warm   |
| <b>canopy dimensions</b>            | 15 cm   |
| <b>bulb exchange</b>                | on site itself  |
| <b>system performance</b>           | 2 x 5 Watt  |
| <b>Total luminous flux in lm</b>    | 760   |

### Description

The Ingo Maurer Lucellino Doppio LED has two light arms. Each lamp arm is equipped with an LED illuminant with a power of 5 watts. On the sockets of the LED bulbs are attached wings made of real goose feathers, which make this lamp something very special. Goose feathers are the trademark of the popular Ingo Maurer Lucellino collection. The name of the lamp is a mixture of "Luce", which means "light" in Italian, and "ucellino", which means "little bird" in Italian. This lamp can be mounted on the ceiling or on the wall. The transformer is integrated in the wall / ceiling mounting. On-site dimming is possible. When dimmed, the Dim to warm technology changes the light colour of the lamp to a warmer tone (from 2,700 Kelvin to 2,000 Kelvin extra warm white).
