

Anglepoise

Original 1227 Lamp with Desk Insert

Oberfläche

- chrome
- black
- grey
- white

Technical details

Country of Manufacture	 United Kingdom
Manufacturer	Anglepoise
Designer	George Carwardine
Year of design	1935
protection	IP20
Scope of delivery	LED 230 Volt
voltage suitability	110 - 240 Volt
Projection in cm	72
material	aluminum, cast Iron, Textile
cable length	200 cm
socket/light fixture	E27
switchability	on the lead
Power (max. Watt)	20 Watt
LED	inclusive
Shade diameter	16 cm
Shade height	14 cm
bulb exchange	on site itself
light distribution	directly
Dimensions	H 50 cm

Description

The Anglepoise Original 1227 Lamp with Desk Insert is a lamp that is built into a table. Thanks to proven tension spring technology, the articulated arm can be readjusted and adjusted again and again. Thanks to this tension spring technology, the recessed light remains in any set position. The steel lamp shade can be rotated and swivelled. The Original 1227 Lamp with Desk Insert was designed by British industrial designer George Carwardine as early as 1935. It has retained its iconic design and proven tension spring technology to this day. The recessed lamp is available in dove grey, bright chrome, linen white and jet black. The lamp shade and the articulated arm are made of aluminum, the desk insert is made of cast iron. An on/off switch is integrated on the 200 cm long cable of the table lamp. Compact fluorescent lamps or LED retrofit can be used for this lamp. A table base in the matching surface is included in the scope of delivery.
