Description

The Anglepoise Type 75 Mini Desk Lamp is a table lamp with movable arms. Thanks to the tension spring technology developed by George Carwadine, the lamp arms can be realigned at any time and retain any set position. The lamp shade can be swivelled and rotated. The table lamp is available in the surfaces jet black, alpine white and slate grey. The lamp arms as well as the lamp shade are made of aluminum, the lamp base is made of cast iron with an aluminum cover. An on/off switch is integrated on the shade. The desk lamp can be operated with compact fluorescent lamps or LED retrofit lamps.
