

Nyta

Tilt Globe Brass

Kabellänge

- 300 cm
- 500 cm

Technical details

Country of Manufacture	 Germany
Manufacturer	Nyta
Designer	jjoo design
protection	IP20
Scope of delivery	Leuchtmittel/Bulb
voltage suitability	110 - 240 Volt
Diameter in cm	20
material	brass, Textile
cable color	black
height adjustment	height determinable
dimming	dimmable on site
socket/light fixture	E27
Power (max. Watt)	70 Watt
canopy dimensions	12 cm, height 9 cm
light distribution	directly
Dimensions	H 17 cm Ø 20 cm

Description

The Nyta Tilt Brass pendant light is made of solid brass. Its lamp shade is polished on the outside and brushed on the inside. The contour of the shade is cut out with a 3D laser and the surfaces are polished, brushed and sealed by hand. The elaborate manufacturing process is a mixture of traditional craftsmanship and modern technology. The use of the genuine, warm shining material brass provides an impressive brilliance of the Nyta Brass lamps. Along an elongated opening, the shade can be rotated by 360 degrees and tilted by a maximum of 125 degrees, allowing the lamp to be repositioned again and again. The shade has a diameter of 20 cm and a height of 16.5 cm. The canopy and the textile cable are black. The pendant lamp is offered with a cable that is 300 cm or 500 cm long. The cable can be shortened if necessary. The lamp can be dimmed by the customer and can be operated with LED retrofit light bulbs or halogen lamps with a maximum output of 70 watts.
