Description

The Marset Santorini with wall mount is also suitable as an outdoor lamp thanks to its IP65 protection class. It is therefore dustproof and protected against water jets from any angle. The wall lamp has a glass diffuser and two polycarbonate lamp shades. The shades can be mounted in different ways, reflecting the upward light differently depending on how the shades are mounted. The shades are available in mustard yellow, white and grey. The Santorini with wall mount is available in two versions: with plug lead or with fixed wall supply connection. LED retrofit lamps are suitable as light sources.
