Description

The Marset Santorini IP20 is a pendant lamp for indoor use. It consists of a glass diffuser and two polycarbonate lamp shades. The shades can be arranged in different ways on the lamp head so that the order, position and orientation of the shades can be selected. With the different arrangements, the upward light emitted by the lamp changes. The lamp shades are available in light green, sand and pearl white. In all versions, the canopy is black with a diameter of 11 cm and a height of 3.5 cm. The cable with a maximum length of 200 cm can be shortened if required.
