dimming	on site dimmable with a trailing edge dimmer
Wattage	31.2 W
LED	inclusive
Colour Rendering Index	80
Luminous flux in lm	5,304
Dimensions	H 5 cm L 60 cm

Description

The Decor Walther Box 1-60 N LED mirror light has a length of 60 cm and a height of 5 cm. The depth is 10 cm. This lamp can be mounted on mirrors with a maximum thickness of 6 mm. It emits its light simultaneously upwards and downwards. A diffuser made of matt white acrylic glass ensures glare-free light emission and even distribution of the light. The lamp is available in chrome, satin nickel, black matt, white matt, gold (glossy), gold matt and rose gold finishes. The integrated LED can be dimmed on site with a trailing edge phase dimmer. It is available with a colour temperature of 2,700 Kelvin extra warm white or with 3,000 Kelvin warm white. The lamp with a colour temperature of 2,700 Kelvin extra warm white is also available in dark bronze on request. The Box 1-60 N LED with IP44 protection is also suitable as a bathroom light as it is protected against splash water on all sides and solid foreign bodies with a diameter of at least 1 mm. In addition to this LED version, the clip-on light for mirrors is also offered as a halogen version and in other sizes.
