Color temperature in Kelvin	3,000 warm white
Dimensions	H 2 cm L 80 cm

Description

The Decor Walther Slim 1-80 N LED mirror plug in lamp has a length of 80 cm and is suitable for mirrors with a maximum thickness of 6 mm. The light is emitted from this lamp both downwards and upwards. Its diffuser made of satinised acrylic glass diffuses the light evenly and ensures glare control. The Slim 1-80 N LED is available with a chrome, black matt and white matt surface. Thanks to the IP44 protection class, this lamp is also suitable as a bathroom lamp as it is protected against splashing water on all sides and against solid foreign bodies with a diameter of at least 1 mm.
