Description

The Vistosi Aurora PP 50 is a ceiling and wall lamp with a diameter of 50 cm. Its height is 14 cm. It has a mouth blown, white satin glass diffuser with a crystal glass rim. When switched on, it creates a halo effect around the lamp on the wall or ceiling. The Aurora PP 50 is available as an E27 lamp and as two LED lamps. One LED lamp can be dimmed with a trailing edge phase dimmer, the other LED lamp is 0-10 volt dimmable. Both LED lamps are supplied with a colour temperature of 2,700 Kelvin extra warm white as standard, on request both are also available with 3,000 Kelvin warm white. The E27 lamp is dimmable on site and can also be operated with replaceable LED retrofit lamps. The two LED lamps have a ceiling or wall bracket made of metal in matt white, the E27 lamp in glossy white.
