Description

The Luceplan Lita Table D92=18 has with lamp base a height of 28 cm. The base is available in ash wood or white lacquered aluminum. The diffuser of the Lita table lamp D92=18 is made of satin opal mouth-blown glass and has a diameter of 18 cm and a height of 15 cm. The diffuser has a vertical cusp surface structure that creates light effects on the diffuser when switched on. The diffuser emits glare-free light into the room. The table lamp can be infinitely dimmed and regulated with a dimmer on the supply line. LED retrofits or halogen lamps can be used as illuminants.
