| voltage suitability | 110 - 240 Volt |
| material | crystal glass, metal |
| dimming | dimmable on site |
| Shade diameter | 16 cm |
| Dimensions | H 19 cm |

Description

The Vistosi Bolle FA P can be used as a wall or ceiling lamp. It has a lamp shade made of mouth-blown crystal glass with a diameter of 16 cm. When the glass is processed, air bubbles are enclosed into the glass to give it a special texture. This texture causes numerous reflections on the surface of the lamp and also creates a halo effect on the ceiling or wall. The Bolle FA P is available in crystal transparent and white surfaces. The metal parts of both versions are nickel-plated.
