

Bover

Domita S/20/13L

Technical details

Country of Manufacture	 Spain
Manufacturer	Bover
Designer	Benedetta Tagliabue
Year of design	2019
protection	IP20
Scope of delivery	LED
voltage suitability	110 - 240 Volt
Diameter in cm	195
material	aluminum, Iron, wood
cable color	black
height adjustment	height determinable
dimming	dimnable on site
socket/light fixture	GU10
LED	inclusive
canopy dimensions	29 cm
shade color	wood
Shade diameter	20 cm
Shade height	26 cm
bulb exchange	on site itself
system performance	13 x 8 Watt (max.)
total height	272 cm
Dimensions	Ø 195 cm

Description

The multiple pendant lamp Bover Domita S/20/13L consists of thirteen individual pendants, which are suspended from the canopy in different lengths. The shades of the Bover Domita S/20/13L pendant are made of completely natural beech wood. The cables run laterally out of the round brown canopy and are fixed to the desired position with ceiling fixings. The position of the individual pendant lights can thus be determined by yourself. Each of the thirteen lampshades has a diameter of 20 cm and is 25.5 cm high. The light of the Bover Domita S/20/13L is emitted directly downwards, but also diffusely through the braiding of the lampshade and at the same time distributed to the sides. The light sources in the GU10 sockets inside the lamps are interchangeable. The total height of this pendant lamp with black cables is 272 cm.
