| protection | IP20 |
| Scope of delivery | LED |
| voltage suitability | 110 - 240 Volt |
| Projection in cm | 106 |
| material | metal |
| dimming | gesture control |
| Wattage | 10.8 W |
| LED | inclusive |
| Colour Rendering Index | >90 |
| Luminous flux in lm | 1,200 |
| Color temperature in Kelvin | 2,700 extra warm white |
| lamp stand dimensions | 22 cm |
| Dimensions | H 147 cm |

Description

The Knapstein THEA-S-Flex is a floor lamp with a flexible lamp arm. It can be tilted at will by means of a ball joint on the base of the lamp. The lamp can be switched and infinitely dimmed via gesture control. The sensor for gesture control is located on the head of the lamp. The floor lamp is switched on or off with a wiping hand movement in the sensor area. To dim the lamp continuously, hold your hand below or above the sensor for a longer period of time. A memory function stores the last light intensity setting and automatically selects it again the next time the lamp is switched on. In the event of a power failure, the floor lamp switches on automatically if it was previously switched on. It remains switched off if it was previously switched off. This function is suitable for use with switchable sockets.

The THEA-S-Flex from Knapstein is available in matt nickel and black. The THEA-S is also offered from the series with a swivel and tilt joint for adjusting the lamp head.
