## **Description**

The Knapstein CORA-L floor lamp emits part of its light upwards. A glass lens is integrated into the lamp head of the ceiling floodlight for light emitted directly downwards. In addition, the lamp has a rotating and swivelling reading arm with a swivelling lamp head. The CORA-L can be adjusted in height between 154 cm and 185 cm. The uplight of the ceiling floodlight and the light of the reading arm can be dimmed steplessly and separately with two rotary dimmers on the light rod. The floor lamp is available in matt brass and matt nickel. It is also offered without reading arm.
