system performance $30 \times 10 \text{ Watt (max.)}$ DimensionsH 21 cm | \emptyset 40 cm

Description

The Knapstein INKA-D is a ceiling lamp with a lamp shade made of high-quality linen fabric. The lamp emits its light upwards and also partially to the ceiling, creating a light effect around the lamp on the ceiling. At the bottom of the lamp is a polycarbonate diffuser, which reduces glare from the light emitted downwards. The INKA-D has a diameter of 40 cm and a height of 20.5 cm. The linen fabric has the colour stone. On request, the ceiling lamp is also available in other sizes and shade materials. The E27 socket of the lamp can be operated with LED retrofits.
