### Technical details

|                             |   |
|-----------------------------|---|
| Country of Manufacture      |  Italy |
| Manufacturer                | Catellani & Smith   |
| Designer                    | Enzo Catellani  |
| Year of design              | 2020  |
| protection                  | IP20  |
| Scope of delivery           | LED   |
| voltage suitability         | 110 - 240 Volt  |
| material                    | brass, metal  |
| dimming                     | cord dimmer   |
| Wattage                     | 15 W  |
| LED                         | inclusive   |
| Colour Rendering Index      | 80  |
| Luminous flux in lm         | 2,200   |
| Color temperature in Kelvin | 2,700 extra warm white  |
| bulb exchange               | on site itself  |
| Dimensions                  | H 189 cm  |

### Description

The Catellani & Smith Vi. F is a floor lamp with two metal rods. The semi-circular metal lamp head is fixed by a magnetic connection between the lamp rods and can therefore be rotated by 360 degrees, allowing the light to be directed to where it is needed. The lamp has a height of 189 cm and is available in white and black. The mounting of the lamp head is made of brass in both versions. The Vi. F by Catellani & Smith has a dimmer on the supply line. With a memory function, the last light intensity setting is saved and automatically reset when the lamp is next switched on.
