## Description

The Holtkötter Epsilon RR 163cm pendant lamp is 163 cm long. By pushing upwards or pulling downwards this lamp, it can be easily adjusted in its total height up to a maximum of 150 cm. The lamp emits its light glare-free and directly downwards. The lamp can be infinitely dimmed by gesture control. To do this, one hand is held in the sensor area of the gesture control in the centre of the lamp. When dimming, the Dim-to-warm technology changes the light colour of the integrated LED to a warmer tone (from 2,700 Kelvin to 2,200 Kelvin). The luminous intensity last set is saved using the memory function and automatically set the next time the light is switched on. The Epsilon RR 163cm is available in black, matt silver, anodised brass and platinum. This pendant lamp is also offered with a length of 83 cm or 123 cm.
