- aluminum

## Technical details

<b>Country of Manufacture</b>	 Germany
<b>Manufacturer</b>	Holtkoetter
<b>Designer</b>	Holtkötter
<b>Year of design</b>	2020
<b>Protection class / IP rating</b>	IP20
<b>Contents of the package</b>	LED
<b>voltage suitability</b>	110 - 240 Volt
<b>Projection in cm</b>	38
<b>material</b>	metal
<b>Height adjustment</b>	height adjustable
<b>dimming</b>	Push button dimmer at the light rod
<b>Wattage</b>	16.6 W
<b>LED</b>	inclusive
<b>Colour Rendering Index</b>	>95
<b>Luminous flux in lm</b>	1,660
<b>Color temperature in Kelvin</b>	Dim to warm
<b>Reflector diameter</b>	9 cm
<b>lamp stand dimensions</b>	25 cm
<b>bulb exchange</b>	at the manufacturer / at the factory
<b>Dimensions</b>	H 120 - 150 cm

## Description

The Holtkötter Aura S floor lamp has a metal reflector which can be aligned as desired. This allows the light to be directed exactly to where it is needed. The metal reflector is available in the colours anodised brass, black, platinum and matt aluminum. In addition, the floor lamp is offered in the following surfaces: brass anodised, black, platinum and matt aluminum. The lamp rod and lamp base always have the same surface as the upper part of the lamp head.

The Aura S from Holtkötter can be adjusted in height between 120 cm and 150 cm. The lamp is infinitely dimmable via the push button dimmer on the lamp rod. When dimming, the Dim-to-warm technology used changes the light colour of the integrated LED to a warmer tone (from 2,900 Kelvin warm white to 1,800 Kelvin extra warm white). A memory function saves the last light intensity setting and automatically adjusts it the next time the light is switched on. The Aura S glass with a mouth-blown glass is also available from the series.
