## **Description**

The Knapstein NOLA wall lamp has a glass lamp shade with a satinised edge. The glass lamp shade is 20 cm wide and 22 cm high. The light is indirectly emitted from the shade to the wall, creating a light effect on the wall. The wall bracket is in matt nickel. The NOLA has a G9 socket which can be operated with a replaceable LED retrofit bulb. If dimmable lamps are used, the wall lamp can be dimmed on site.
