Description

The Holtkötter Aura P3 Glass pendant lamp consists of three lamps mounted on a rectangular canopy. The lamp has three hand-blown glasses. Each glass is manufactured using traditional craftsmanship and is therefore unique. The glasses are available in Opal matt pleated, amber, cognac, smoke grey and opal matt. In addition, the pendant lamp is offered in the surfaces brass anodised, black, platinum and aluminum matt. The canopy is always supplied in the matching surface to the lamp. Through the glasses, the light is emitted directly downwards and sideways into the room. Depending on the choice of glass, the light emitted sideways is discoloured.

Each pendulum can be adjusted in its total height up to a maximum of 160 cm by simply pushing it upwards or pulling it downwards. Thanks to an integrated roll-up mechanism, the cables disappear into the canopy and the pendulums always remain horizontal at their desired height.

The Aura P3 Glass can be dimmed on site with a trailing edge phase dimmer. When dimming, the used Dim-to-warm technology changes the light colour of the integrated LEDs to a warmer tone (from 2,900 Kelvin warm white to 1,800 Kelvin extra warm white). A memory function is used to save the luminous intensity last selected and automatically selects it the next time the pendant lamp is switched on. The Aura P3 with metal reflectors is also available from the series. There is also on offer the Aura R3 with a round canopy. Aura pendant lamps with two lamps on one canopy are also offered.
