

Knapstein

PIA-R3

Technical details

Country of Manufacture	 Germany
Manufacturer	Knapstein
Designer	Knapstein
Year of design	2019
Protection class / IP rating	IP20
Contents of the package	LED
voltage suitability	230 - 240 Volt
Diameter in cm	50
material	brass, glass
dimming	dimmable with a trailing edge dimmer and with a leading edge dimmer
Wattage	5.4 W
LED	inclusive
Colour Rendering Index	>90
Color temperature in Kelvin	2,700 extra warm white
Version	-
system performance	3 x 10 Watt
Total luminous flux in lm	2,940
Dimensions	H 5 cm Ø 50 cm

Description

The Knapstein PIA-R3 is a round ceiling lamp with a diameter of 50 cm. The total height of the lamp is 5.2 cm. This flat design is made possible by a magnetic holder. This magnetic holder also ensures that no screws are visible in the ceiling housing. The light is distributed homogeneously and diffusely downwards through the matted glass. The ceiling housing has a matt nickel-plated surface. Three LEDs, each with a colour temperature of 2,700 Kelvin extra warm white, are integrated as light sources. The PIA-R3 from Knapstein is dimmable on site with a phase dimmer. In addition to this round ceiling lamp, the series also includes square and rectangular lamps.
