Description

The rectangular SLV Eskina Frame FL can be fixed to the floor through four existing holes in the rectangular aluminium frame. This matt anthracite aluminium LED lamp is 11.5 cm wide and 7.3 cm deep. The outdoor lamp is available with a height of 45 cm and 75 cm. The flange for fixing the lamp to the floor is 15.5 cm wide and 11 cm deep. The rotating lamp head of the SLV Eskina Frame FL ensures a flexibly adjustable light output. If required, the colour temperature of the Eskina Frame FL can be changed from 3000 Kelvin warm white to 4000 Kelvin white using a switch (CCT Switch) integrated in the lamp. With IP65 protection, SLV's Eskina Frame FL is ideal as an outdoor lamp because it is dust-tight and protected against water jets from any angle. An IP68 junction box, required to connect the lamp, is available as an accessory.
