Technical details

Country of Manufacture	 Germany
Manufacturer	less'n'more
Designer	less'n'more
protection	IP43
Scope of delivery	LED
voltage suitability	110 - 240 Volt
material	aluminum, glass, stainless Steel
beam angle	25 - 100 degrees
cable color	black
cable length	200 cm
dimming	integrated Pushbutton dimmer
Wattage	4.8 W
LED	inclusive
Colour Rendering Index	90
Luminous flux in lm	600
Color temperature in Kelvin	2,700 extra warm white
lamp stand dimensions	length 20, width 20 cm
light head dimensions	7 cm
bulb exchange	on site itself
Dimensions	H max. 65 cm

Description

The Less'n'more Athene Table Light small A-TL1 has a flexible lamp arm made of aluminum. The flexible arm allows the lamp head at the end of the arm to be positioned flexibly and thus provides perfect lighting. Depending on the direction, the lamp has a maximum height of 65 cm. By turning the glass lens out of or into the head, the beam angle of the light can be adjusted between 25 and 100 degrees. The beam angle determines the angle at which the light emerges from an LED spotlight. The larger the beam angle, the larger the illuminated area, but it is also less bright because more area is illuminated.

The base of the Athene table lamp Small A-TL1 in C-shape is made of stainless steel. It has a length and a width of 20 cm. The lamp head has a diameter of 6.5 cm and is operated with an integrated, 6-watt LED. A push button is mounted above the base of the lamp on the lamp rod with which the lamp can be switched and dimmed. This table lamp is offered in the following finishes: aluminum and black. In each case, the lamp head has the same surface as the lamp rod. The flexible arm is available in the following versions: textile black, green, anthracite, red, blue, white, brown or aluminum. The lamp can also be operated via a USB connection in addition to the conventional power supply. Besides this Athene Table Light Small, a larger table lamp with a maximum height of 83 cm is also offered from the series. On request, the Athene table lamps are also available with other colours for the flexible arm or the base.
