Technical details

Country of Manufacture	 Germany
Manufacturer	less'n'more
Designer	less'n'more
protection	IP43
Scope of delivery	LED
voltage suitability	230 - 240 Volt
material	aluminum, glass
beam angle	25 - 100 degrees
Wattage	4.8 W
LED	inclusive
Colour Rendering Index	90
Luminous flux in lm	600
Color temperature in Kelvin	2,700 extra warm white
canopy dimensions	10 cm
light head dimensions	7 cm
bulb exchange	on site itself
Dimensions	L max. 55 cm

Description

The Less'n'more Athene Wall / Ceiling Light A-MDL2 is built into the wall or ceiling and has an aluminum mounting plate as a canopy. This mounting plate has a diameter of 10 cm and is 4.5 cm high. This is a lamp for mounting on a cavity wall or box flush mount box, **the external transformer is built into the ceiling or wall.**

The Athene recessed lamp A-MDL2 has a flexible lamp arm that can be stretched and bent as required. At maximum extension of the lamp arm, the lamp has a length of 55 cm. The flexible lamp arm is available in these colours: aluminum, textile black, white, anthracite, blue, green, red and brown. An LED with a colour temperature of 2,700 Kelvin extra warm white is integrated in the aluminum lamp head.

Lamp head and mounting plate are offered in the surfaces aluminum and black. The beam angle of the light can be continuously adjusted between 25 and 100 degrees by turning the glass lens out of or into the lamp head. With a larger beam angle, the light is distributed over a larger area.

The Athene Wall / Ceiling Light A-MDL2 is available on-site dimmable with a trailing edge phase dimmer or with a built-in push button dimmer on the mounting plate / canopy. The version with push button dimmer can be switched and dimmed via the push button. On request, the recessed lamp is also offered with other colours for the lamp arm. In addition to this Athene wall and ceiling lamp, a smaller lamp with a maximum length of 24 cm is also available.
