

LDM

Drop Trio Surface-mounted

Oberfläche

- matt aluminum
- polished aluminum
- black
- bronze
- white

Dimmbarkeit

- DALI dimmable
- on site dimmable with a trailing edge dimmer
- with Casambi module

Technical details

Country of Manufacture	 Germany
Manufacturer	LDM
Designer	Jürgen Glauner
protection	IP20
Scope of delivery	LED
voltage suitability	230 - 240 Volt
material	aluminum
cable length	200 cm
height adjustment	height determinable
LED	inclusive
Colour Rendering Index	>95
Color temperature in Kelvin	Dim to warm
canopy dimensions	Length 150 cm, width 6.5 cm, height 2.7 cm
Shade diameter	7 cm
Shade height	16 cm
bulb exchange	at the manufacturer / at the factory
system performance	3 x 8.75 Watt
Total luminous flux in lm	2,343

Description

The LDM Drop Trio Surface-mounted consists of three height-determinable Drop pendant lights on a rectangular canopy. The three lamps of this chandelier emit their light focused and homogeneously downwards through frosted optical lenses. The Drop Trio Surface-mounted is available in polished aluminum, matt aluminum, bronze, white and black matt. The multiple pendant lamp has a maximum cable length of 200 cm. The individual lamps have a distance of 60 cm from each other. The canopy is 150 cm long and is delivered in the same colour as the ordered lights. The cables can be shortened if necessary and are available in special lengths as well as various colours on request. As standard, the lamps in matt aluminum, white and black are supplied with cables in white, the lamps in polished aluminum with cables in anthracite and those in bronze with cables in copper.

The triple pendant lamp is offered in three versions: dimmable on site with a trailing edge phase dimmer, DALI dimmable or with an integrated Casambi module. The DALI version requires a 5-core mains cable. With a Casambi module, the lamp can be operated via smartphone or tablet using the Casambi app via Bluetooth. Casambi technology also offers the possibility of regulating several suitable lamps in groups.

When the Drop Trio surface-mounted lighting is dimmed, the light colour of the integrated LEDs changes to a warmer tone (from 3,000 Kelvin warm white to 1,800 Kelvin extra warm white) thanks to the used Dim-to-warm technology. On request, the triple pendant lamp is also available with a decentralised suspension with which the lamp can be mounted independently of the power connection. A single, a double (on request) or a quadruple lamp are also offered from the Drop series. In addition, the height-adjustable Drop Move pendant lamps are also available.
