

Gera Leuchten

Pendant Lamp 40x40x1800

Oberfläche

- aluminum
- stainless Steel
- black brown

Farbtemperatur in Kelvin

- 2,700 extra warm white
- 4,000 white

Technical details

Country of Manufacture	 Germany
Manufacturer	Gera Leuchten
protection	IP20
Scope of delivery	LED
voltage suitability	230 - 240 Volt
material	aluminum
height adjustment	height determinable
dimming	sensor dimmer
Wattage	34 W
LED	inclusive
Luminous flux in lm	2,520
bulb exchange	on site itself
total height	20 - 250 cm
Dimensions	H 4 cm B 4 cm L 180 cm

Description

The pendant lamp 40x40x1800 by the German manufacturer Gera is operated with an integrated LED. This LED pendant lamp is available in the finishes aluminium-coloured and stainless steel-coloured. The pendant lamp made of aluminium is 180 cm long, 4 cm wide and 4 cm high. This elongated LED pendant lamp has a 58 cm long, 3.4 cm wide and 3.4 cm high rectangular ceiling suspension. The lamp connection is in the centre, directly at the connection terminal. The lamp is optionally available with a colour temperature of 2,700 Kelvin extra warm white and 4,000 Kelvin white. This lamp with a square cross-section emits its light brightly and glare-free downwards. The LED low-voltage technology used in this lamp allows for "cable-free" suspension from fine, current-conducting steel cables. The Gera Leuchten pendant lamp 40x40x1800 is adjustable in total height from 20 cm to 250 cm. The LED pendant lamp can be switched and dimmed touch-free via an integrated sensor dimmer. If required, the integrated LED can be changed by the user himself. The Gera Leuchten pendant lamp 40x40x1800 is also available in other lengths and as a version that can be switched and dimmed by remote control. On request, the lamp can also be supplied in special lengths up to a maximum length of 4 metres.
