Description

The Serien Lighting Annex Ceiling Spare Glass is offered in two versions: the old version with rubber ring and the new version with bayonet lock. The old version is only suitable for the halogen lamp. The new version is suitable for both the halogen and LED lamp. The clear replacement glass is available in three sizes: S, M and L. The S glass has a diameter of 14 cm at the widest point and a height of 10.5 cm. The M glass has a diameter of 22 cm and a height of 16.7 cm. The L glass has a diameter of 27.5 cm and a height of 21 cm.
