Description

The Bover Folie S/60 pendant lamp has a lamp shade made of textile wraparound pleated fabric. Its lamp shade has a diameter of 60 cm and a height of 39.2 cm. A ring made of black steel surrounds the lamp shade in the upper part as a design element. The light is filtered through the shade to the sides. A hemispherical diffuser made of polycarbonate ensures that the light is also emitted downwards without glare. The 200 cm long cable of this pendant lamp can be shortened if necessary. This pendant lamp is available in the shade colours white and cream. The Bover Folie S/60 has E27 sockets and can be operated with replaceable LED retrofit bulbs.
