## Description

The Bover Platet A/05 is a wall lamp with a 142 cm long lamp rod. The light is emitted from the lamp shade directly downwards and onto the wall behind the lamp, creating a wide cone of light on the wall. The lamp has a projection of 30 cm. Its conical lamp shade has a diameter of 20 cm.

The Platet A/05 is offered with a lamp shade in the surfaces terracotta, light grey, olive grey and antique brass. From the inside, the lamp shade is in white. The lamp rod and arm are in black.

The Platet A/05 wall lamp is offered as E14 or LED version. The E14 version has an E14 socket and is operated with a replaceable LED retrofit. The LED version has an integrated LED with a colour temperature of 2,700 Kelvin extra warm white. A push button dimmer is integrated on the plug-in lead, with which the light can be switched and continuously dimmed.
