LARAwood Pendant Lamp M

Oberfläche

- walnut
- Black oak
- White oak

Technical details

Country of Manufacture	 Germany
Manufacturer	Domus
Year of design	2005
protection	IP20
Scope of delivery	LED
voltage suitability	230 - 240 Volt
material	acrylic glass, steel, Textile, wood
cable length	200 cm
height adjustment	height determinable
dimming	on site dimmable with a trailing edge dimmer
Wattage	25 W
LED	inclusive
Colour Rendering Index	>92
Luminous flux in lm	3,100
Color temperature in Kelvin	2,700 extra warm white
canopy dimensions	17 cm
Shade diameter	43 cm
Shade height	11 cm

Description

The Domus LARAwood Pendant Lamp M is suspended on three steel cables and can be individually set in its total height during installation. Downwards, the lamp distributes the light homogeneously and glare-free, upwards, the light is predominantly dimmed. The view into the interior of the lamp is particularly beautiful, where the low diffuser shows off the wood grain of the lamp to its best advantage. This pendant lamp is available in the finishes walnut, white oak and black oak.

The LARAwood Pendant Lamp M includes a powerful, dimmable LED with a colour temperature of 2,700 Kelvin extra warm white. The integrated LED is characterised by very good colour rendering with a high colour rendering index of Ra > 92. Domus also offers a larger LARAwood pendant lamp.
