### Description

The Maigrau Fly Vertical pendant lamp emits its light homogeneously downwards, upwards and through the lamp shade to the side. Its lamp shade has a diameter of 43 cm and a height of 25 cm. The shade is offered in the colours white and bronze grey. The Fly Vertical pendant light is suspended on four thin steel cables, during assembly its total height can be set individually. The lamp is operated with a powerful, dimmable LED. When dimmed, the light colour of the LED changes to a warmer tone (from 3,000 Kelvin warm white to 2,200 Kelvin extra warm white) with the dim-to-warm function.
