Garota P/02 Outdoor LED

Schirmfarbe

- brown
- white

Dimmbarkeit

- on site dimmable with a trailing edge dimmer
- not dimmable

Technical details

Country of Manufacture	 Spain
Manufacturer	Bover
Designer	Alex Fernandez Camps
Designer 2	Gonzalo Mila
Year of design	2015
protection	IP66
Scope of delivery	LED
voltage suitability	230 - 240 Volt
material	aluminum, polyethylene, stainless Steel
cable color	black
cable length	369 cm
Wattage	17.1 W
LED	inclusive
Colour Rendering Index	90
Luminous flux in lm	2,064
Color temperature in Kelvin	2,700 extra warm white
Shade diameter	72 cm
bulb exchange	at the manufacturer / at the factory
Dimensions	H 133 cm

Description

The Bover Garota P/02 Outdoor LED floor lamp is also suitable as an outdoor lamp with IP66 protection. It emits its light directly downwards and through the wickerwork to the sides. Its lamp shade has a diameter of 72 cm and is offered in the colours ivory white and brown. The lamp with white shade comes with a lamp base in white, the lamp with brown shade comes with a base in graphite brown. The metal surfaces and the lamp base made of stainless steel are provided with an epoxy-polyester lacquer and are therefore weather-resistant.

The Bover Garota P/02 Outdoor LED is operated with a power-efficient LED that has a colour temperature of 2,700 Kelvin extra warm white. The floor lamp is available as non-dimmable or dimmable with a trailing edge phase dimmer. The non-dimmable floor lamp is connected via a 369 cm long black cable with plug. The dimmable lamp is connected via a connection box and can be fixed to the ground using the accessories supplied. This lamp, which is also suitable for outdoor use, can be fixed to concrete, hollow concrete, lightweight concrete, brick, hollow brick and natural stone.
